

 NASPO ValuePoint formerly WSCA-NASPO	Copiers, Printers and Related Devices Non-Mandatory Contract.
--	--

Contract Term: Inception date January 01, 2015 Expiration Date December 31, 2019

The NASPO ValuePoint Cooperative Purchasing Organization leverages the buying power of procurement from multiple states to offer exceptional pricing for participating states and their political subdivisions. Alaska is an active member of NASPO ValuePoint.

These copier contracts are available to state agencies and political subdivisions in Alaska. They are divided into six groups, which are distinguished by device type. In addition to these groupings there are segments within each grouping to denote the minimum speed for devices offered in each group. The groups are listed below along with the awarded manufactures and their contact award number.

These are manufactured based contracts, presented in alphabetical order but there is no required ranking and agencies are free to utilize whichever awarded manufacture they choose without additional competition. The manufacturer names listed below are hyperlinked to take you to the manufacturer's NASPO ValuePoint website for State of Alaska. The websites provide pricing and details for purchasing devices.

Note: Ricoh, HP and Toshiba were awarded categories in the Master Agreement but as of today there is no PA signed. This CAM document will be updated if/when they are signed.

Award by Category					
<u>Group A</u>	<u>Group B</u>	<u>Group C</u>	<u>Group D</u>	<u>Group E</u>	<u>Group F</u>
Convenience Copiers	Production Copiers	Wide Format	Printers	Digital Duplicators	Scanners
